Temporary Closure on South Lost Creek Road

BIGFORK, MONT – A road project to replace a bridge crossing North Fork Lost Creek on the Flathead National Forest will impact traffic headed to North and South Fork Lost Creek on the Swan Lake Ranger District. The road closure is at mile-post 2.34 on National Forest System Road (NFSR) #680 in the Lost Creek drainage approximately four miles south east of Swan Lake on Montana Highway 83.

NFSR #680 is currently closed to public motorized use at milepost 2.34 through August 31th. The site is located just before the junction with North Fork Lost Creek Road NFSR #5206. This closure will not affect access to the trailhead for trail #78 but will restrict access to South Lost Creek trail #86 towards Inspiration Pass and trail #108.

All work is located on the Swan Lake Ranger District of the Flathead National Forest. Please contact the Swan Lake District office at 837-7500 for further information regarding this closure notice. We appreciate your patience with regard to this matter.

For more information on the Flathead National Forest visit <http://www.fs.usda.gov/flathead>.
